SLEEK SOLAR

ABOUT OUR COMPANY

Sleek Solar (Pvt) Ltd is a trusted and certified solar energy solutions provider in Pakistan, registered with the Securities & Exchange Commission of Pakistan (SECP), the Pakistan Engineering Council (PEC), and approved by the Alternative Energy Development Board (AEDB) for Net Metering. Since our inception, we have been at the forefront of the renewable energy sector, delivering cutting-edge solar solutions for residential, agricultural, and industrial applications.

Founded by a team of seasoned energy experts, solar technologists, and skilled mechanical technicians, we are committed to providing sustainable energy services across major cities in Pakistan. Since restructuring in 2013, we have expanded significantly and, in 2017, rebranded as Sleek Solar International (Pvt) Ltd, becoming a key player in the energy sector as part of the Sleek Group.

We specialize in designing and implementing hybrid & on-grid solar power systems, offering scalable solutions from 5kW to megawatts (MW) for both wholesale and retail customers. Our turnkey energy solutions are tailored to meet the unique needs of our clients, ensuring efficient and reliable energy for industrial, agricultural, and home use.

At Sleek Solar, our mission is to deliver unmatched quality and innovation in every project. We take pride in being Pakistan's leading "Complete Energy Solution" provider, equipped to manage complex projects from concept to completion. Our dedication to customer satisfaction is unwavering, we work closely with our clients to offer personalized, technology-driven solutions that address their specific challenges.

With a strong focus on quality, performance, and customer service, we are committed to powering Pakistan's future with sustainable, reliable, and cost-effective solar energy solutions. Let us help you make the shift to clean energy with confidence.

ASSOCIATED WITH

At Sleek Solar International Pvt. Ltd., we are driven by a clear mission: to harness the power of the sun and deliver innovative, sustainable energy solutions that power progress. As the CEO, I am proud to lead a company committed to creating a greener future for generations to come. In a world where energy demands are rising and environmental responsibility is paramount, we see solar

"Together, we can shape a future where clean energy empowers communities, drives economic growth, and preserves our planet."

Shahid Ali - CEO

power not just as a solution but as a transformative opportunity. Through cutting-edge technology, unmatched expertise, and unwavering dedication, we are helping industries, businesses, and individuals embrace clean, renewable energy.

Our journey so far has been defined by successful projects, with over 4000 solar systems installed and over 100 MWs of capacity delivered to date. These achievements reflect our promise of excellence and reliability in every endeavor we undertake.

Looking ahead, we remain focused on innovation, expanding our reach, and forging partnerships that will accelerate the adoption of solar energy worldwide. Together, we can shape a future where clean energy empowers communities, drives economic growth, and preserves our planet.

OUR VISION & MISSION

To become a global leader in renewable energy solutions by empowering communities, industries, and businesses with innovative solar technologies, driving sustainable growth, and creating a cleaner, brighter future for generations to come.

At Sleek Solar International Pvt. Ltd., our mission is to deliver innovative, reliable, and cost-effective solar energy solutions that empower businesses, industries, and individuals to transition to clean, renewable energy.

We aim to lead the energy revolution by providing cutting-edge technology, exceptional service, and sustainable solutions that reduce carbon footprints and drive economic growth.

With a commitment to quality, innovation, and environmental stewardship, we strive to make solar energy accessible to all, creating a world where clean energy powers progress and preserves the planet for future generations.

Why Choose

SLEEK SOLAR

International Pvt. Ltd.?

End-to-End Solutions

From consultation and design to installation and maintenance, we handle every step of your solar journey.

Customized Systems

Tailored solutions designed to meet your specific energy requirements.

Scalability

We cater to all system sizes, from 5 kW setups to large-scale megawatt projects.

Quality Assurance

We use premium components and cutting-edge technology to ensure system durability and efficiency.

Expert Team

Our team of skilled professionals ensures precise and reliable installations.

OUR ACHIEVEMENTS

At Sleek Solar International Pvt. Ltd., we take pride in our remarkable milestones that reflect our commitment to excellence and innovation in the solar energy sector. With over 4,000 solar systems successfully installed and a total capacity exceeding 100 MWs, we have played a pivotal role in delivering clean, renewable energy to businesses, industries, and communities. Our expertise and dedication are further demonstrated by serving more than 30,000 customers with tailored solar solutions, showcasing the trust and confidence placed in us. These accomplishments underscore our relentless drive to provide sustainable energy solutions and contribute to a cleaner, brighter, and energy-efficient future.

WHAT WE OFFER

At Sleek Solar International Pvt. Ltd., we are committed to revolutionizing energy solutions by offering comprehensive and efficient solar services. Whether you are looking to power your home, business, industry, or farm, we provide customized solar solutions tailored to your energy needs. With expertise in delivering turnkey solar projects ranging from 5 kW systems to multi-megawatt installations, we ensure top-tier service from design to implementation.

01

Residential Solar Systems

Empower your home with clean, renewable energy and reduce your electricity bills. Our residential solar solutions are designed to optimize energy efficiency while seamlessly integrating with your home's energy requirements.

02

Commercial Solar Systems

Cut operational costs and achieve energy independence for your business. Our commercial solar systems are scalable and customized to meet the specific needs of small and large enterprises.

03

Industrial Solar Systems

Maximize energy output for your industrial operations with our robust solar solutions. Designed for high energy demands, our systems ensure reliability, sustainability, and significant cost savings for industrial facilities.

04

Agricultural Solar Systems

Optimize your agricultural processes with solar energy. From powering irrigation systems to running agricultural machinery, our solar solutions help farmers reduce reliance on conventional energy and increase profitability.

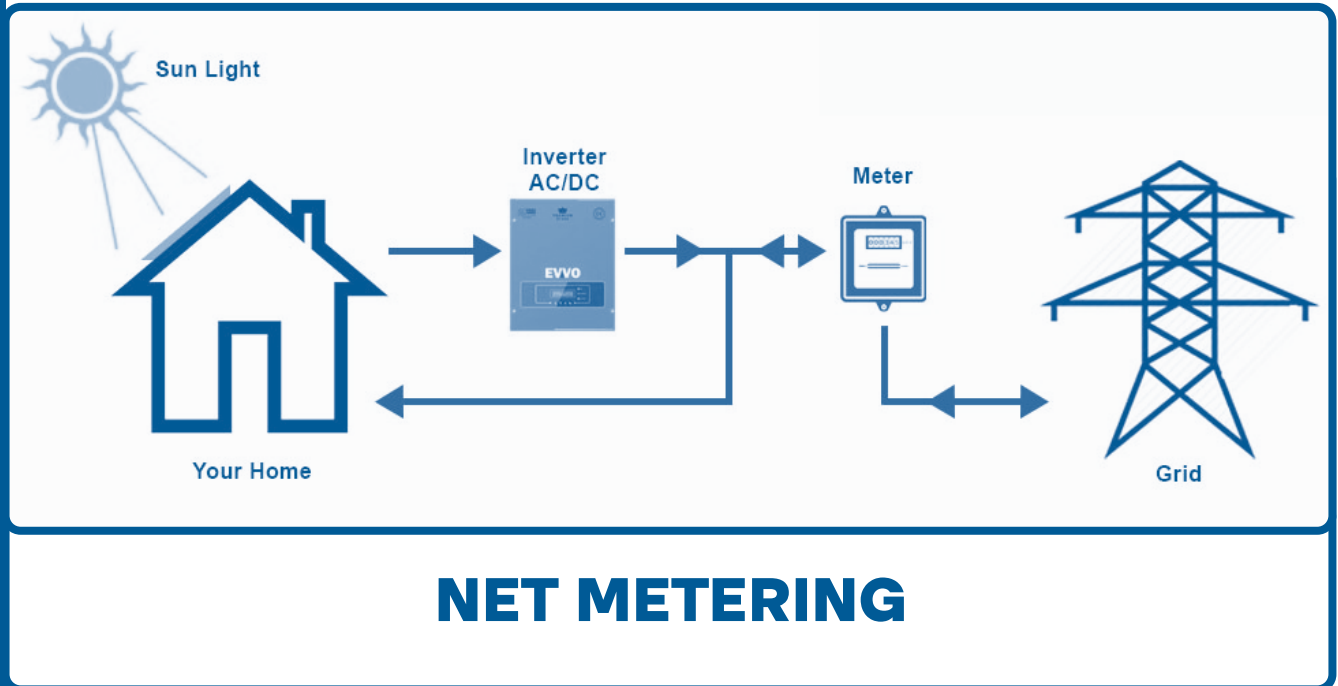

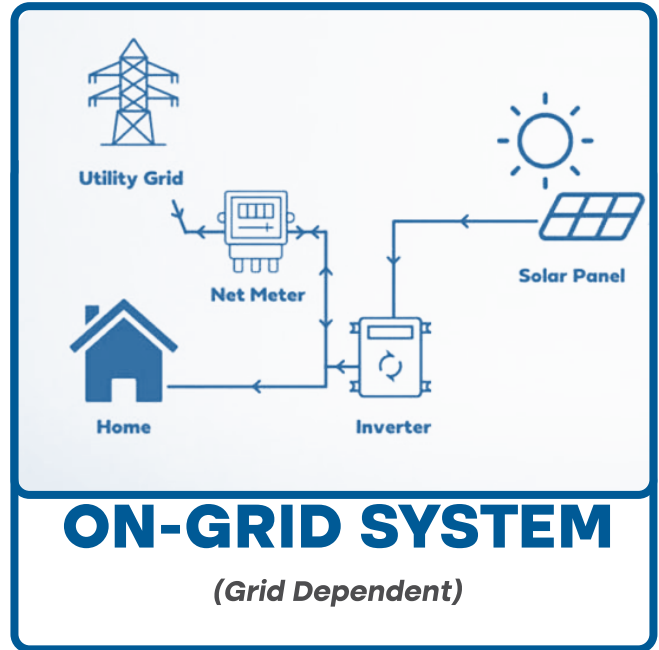

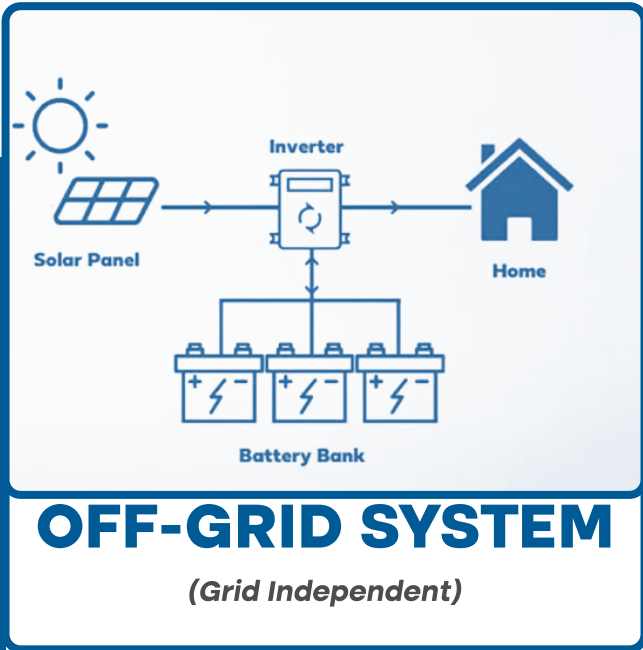

05

Solar Panel Cleaning

Maintain the efficiency and performance of your solar panels with our professional cleaning services. Regular cleaning ensures optimal energy generation and extends the lifespan of your solar investment.

Sheikh Naveed

Industry Owner

Working with Sleek Solar International Pvt. Ltd. has been an exceptional experience. Their expertise, professionalism, and commitment to delivering high-quality solar solutions exceeded our expectations. The installation process was smooth, and the system's performance has significantly reduced our energy costs while promoting sustainability. I highly recommend Sleek Solar to any business looking to transition to clean energy solutions.

Ehsan Sons

My experience is very Good, we installed 3 systems by them, sleem solar team is very cooperative and doing fast working. The were own their commitment which will be decided on contract time. Highly recommended. (Back team is also good and strong)

Dr. Amjad Vaince

Best Solar Company in Faisalabad . Mr Haider owner is very cooperative person and good after sales service.

Hammad Mehmood

Sleek Solar is a leading company in renewable field, equipped with well experienced staff and advanced technology expertise to Green the World.
